

# DOPLAR™ TEST

## Marvel Maxx Future versus Marvel Maxx Force

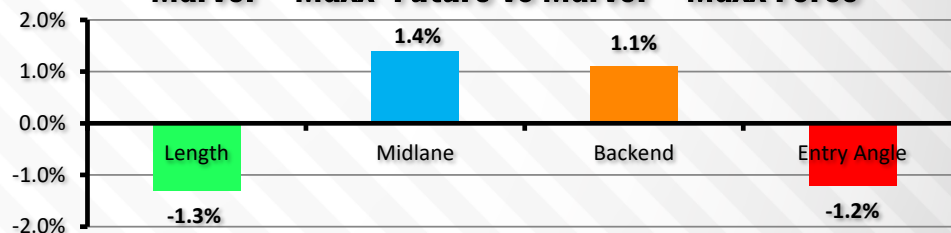

→ **Marvel Maxx Future**  
Laydown: 25.71  
Launch Angle: -2.50°  
Break Point: 43.17'  
Impact Point: 17.43

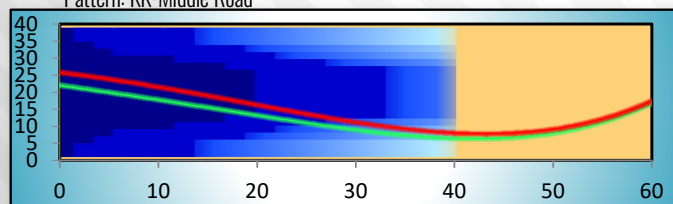

→ **Marvel Maxx Force**  
Laydown: 21.94  
Launch Angle: -2.30°  
Break Point: 42.12'  
Impact Point: 16.87

- The Marvel Maxx Future was very smooth, despite being polished.
- NRG Pearl is an excellent piece during lane transition.
- Both balls finished deep in the pocket.
- The Centripetal Core provides easy revs thanks to its low RG and high differential.
