

Strong Bite versus Super Bite LE

DOPLAR™ TEST

Strong Bite
NRG™ Solid Reactive
2000-grit Abralon®
G2™ Core

→ **Strong Bite**
Laydown: 32.92
Launch Angle: -3.20°
Break Point: 45.70'
Impact Point: 18.18

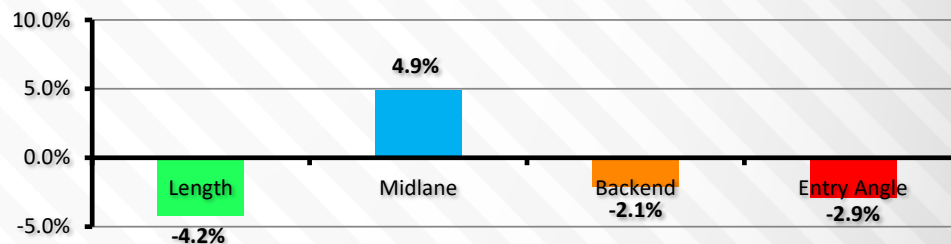

Super Bite LE
NRG™ Pearl Reactive
2000-grit Abralon®
G2™ Core

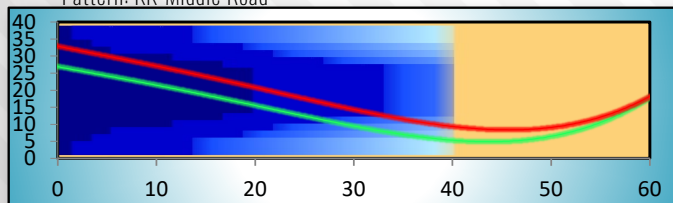

→ **Super Bite LE**
Laydown: 26.87
Launch Angle: -3.00°
Break Point: 43.68'
Impact Point: 17.88

Strong Bite™ vs Super Bite™ LE

- The Strong Bite was able to cut through the heaviest oil conditions.
- The Super Bite LE provided plenty of length with control.
- The G2 Core remains one of the strongest Storm cores to date.
- NRG Solid and NRG Pearl balance each other out perfectly.
